REPORT ON PLACEMENT OF MOBILE DEFIBRILLATORS AT COUNTY FACILITIES

At the April 10, 2001 meeting, your Board directed the Chief Administrative Office to collect and report back on all requested information involving the placement of a mobile defibrillator at each County golf course, senior centers, child day care centers, County pools, park facilities, and other County facilities that service the public, including the Board Hearing Room, and the training of employees by the Fire Department in using the mobile defibrillators.

On May 10, 2001 we advised your offices that we would report back with the requested information no later than June 26, 2001. As County Counsel has raised some issues that need to be reviewed by the Fire Department and Health Services (per May 9, 2001 memorandum to your Board from County Counsel) and further discussions need to be held with golf concessionaires, we will need more time to gather the requested information and make recommendations regarding the proper implementation of this program. Therefore, we will file a report with the requested information with your Board no later than August 31, 2001.
